Work Experiences

- **UI/UX Designer**
Petaproc Feb 2025 – Present
Currently working as a UI/UX Designer in a team at Petaproc, collaborating with developers on various projects. My role involves designing user interfaces, improving user experiences, and ensuring smooth communication with developers to implement design concepts.
- **Communication Designer**
HMS Innovation Feb 2024 - Feb 2025
HMS Innovation is a leading agency specializing in branding and marketing. I was responsible for graphic design, typography editing, and social media management. I also increased engagement by 10% through strategy optimization and managed client relationships to improve user experience.
- **UI/UX Design Intern & Project Assistant**
Hamava Company Oct 2024 – Dec 2024
Collaborated on UI/UX design for project management platforms, produced content for digital channels, and boosted user engagement through strategy optimization and UX improvements.
- **Visual Content Designer And Producer**
Founder And CEO Of An Online Store Mar 2021 - Mar 2022
I was responsible for designing and executing digital marketing strategies, creating creative content, and conducting professional photography to strengthen brand identity. Additionally, I managed packaging and shipping processes, customer engagement, and grew Instagram presence.
